

We are on a mission to support STEM education and promote science literacy

Science Heads Inc. was founded and is run by local educators, scientists, engineers, and professionals who share a passion to promote STEM (Science, Technology, Engineering, and Math) education.

We believe that understanding and appreciating STEM subjects is important for all people, both children and adults. We believe in sharing the knowledge that we possess so all can benefit.

Science Heads Inc. is an IRS approved 501(c)(3) public benefit non-profit corporation.

VOLUNTEER

JOIN OUR TEAM

Work with Great People

At fun and educational events - you'll learn about science, technology, engineering and math and practice sharing that knowledge with people of all ages.

You will meet other volunteers who share the same commitment to enlighten others and enjoy learning while doing it.

Be prepared to inspire and be inspired!

Discover a world of opportunities

Outreach Volunteers inspire and educate children and adults with Hands-On Activities from many fields of science, technology, engineering and math.

Volunteer Astronomers give tours of the night sky and the Sun to guests using state-of-art telescopes in our Mobile Observatory.

HAB Volunteers participate in our regular program of launching High Altitude Balloons carrying student designed experiments.

After School Mentors help students apply what they have learned in school about the Scientific Method as they build experiments that will be carried to the edge of space.

Program Volunteers help our Outreach Coordinator build and maintain hands-on activities and our STEM lending library.

Organization Volunteers help Science Heads develop and run our social media, fund raising, public relations and grant writing programs.

Fit your schedule

- We are seeking enthusiastic volunteers to fill a variety of roles.
- Weekday and weekend opportunities are available.
- Volunteer for as many or few hours as you would like.
